But wait, this
book has
something.

A couple of sentences.

A list of things.

A note that says this book
has no beginning or ending.

This Book Has Something.

A few pages.

A plot twist.

And all of the stuff that is in
this.

have
something all

still,

A book that is
so good you
must read it.

Written by the person behind Lime Angel, this book is not really a book, but rather a book in a suit that will forever haunt the library and any home it ends up in. This book is really powerful and must not be opened unless you want to.
